**Directions:** As you read the articles and documents, write down any quotes that you might use during the class discussion on Westward Expansion. Write down anything you find interesting or useful – **pro and con**.

**Use this note sheet to list your points and cite your sources.**

**Keep in mind these questions that we will be talking about.** There is little doubt that we will not come to a complete understanding or agreement, but it's important to talk about it. **These do not have to be answered here.**

- Were the impacts (both positive and negative) of Westward Expansion worth it?
- Was the west invaded or did we obtain it through legitimate means?
